

**FLASH CRYSTAL
GEOMETRIC COSMETIC PIGMENTS**

Product Overview

Flash Crystal Geometric Cosmetic Pigments are premium cosmetic-grade effect pigments engineered for exceptional brilliance and dimensional sparkle. These advanced pigments are designed with geometric crystal structures that deliver intense light reflection and vibrant color payoff.

- Cosmetic grade quality
- Ultra-lightweight particles
- High purity & advanced pigment technology
- Excellent dispersion in cosmetic formulations
- Suitable for eye & lip applications (as per formulation compliance)
- Ideal for nail polish, gel polish, eye shadows, eyeliners, face & body cosmetics

Flash Crystal – Geometric Pigment Shades

Flash Crystal – Geometric Holographic Pigments
